To whom it may concern,

I would like to recommend Mine Signs as a remarkable company to work with. We are a company in Dalby servicing and repairing large mining equipment and contracting plant. We have all of our vehicles mine spec'ed and have used Mine Signs for all of our vehicles and have supplied stickers and magnets to our customers with always positive comments and we get a lot of enquiries as to where we get our magnets and stickers.

We can only compliment Mine Signs on their prompt and efficient service and quality of their products. We have had orders processed and delivered overnight to Dalby.

We have a large fleet of cranes ranging from 20 tonne to 100 tonne, and they are all proudly wearing Mine Signs stickers.

We would like to thank Mine Signs for their fantastic service and quality and friendly service and wish them all the best in the future.

Yours sincerely

A handwritten signature in black ink, appearing to read "K. MacPherson".
